

Hooters Phoenix (AZ Ctr)

Closing After 32 Years

FOR IMMEDIATE RELEASE
Tuesday, March 8th, 2022

Phoenix, Arizona- On October 2nd, 1990 Hooters Arizona Center opened its doors. After 32 years serving our amazing guests, Hooters Downtown Phoenix location will be closing March 8, 2022.

Hooters Phoenix has enjoyed being an active participant in the community and is grateful for their loyal guests and exceptional staff.

"We were supported for 32 years by our outstanding and loyal guests. Our Downtown location was our first location in our great State 48 and has hosted many memorable occasions for thousands of our neighbors and visitors alike. Whether it has been concerts, conventions, national sporting events or pageants, or just regular daily operations, we appreciate our community and the support they have given us for so many years. Unfortunately with the restrictions and issues we have faced over the last couple of years and the lack of Downtown Phoenix being able to return to business as usual, it is time for us to close this site. Although it is bittersweet, we will focus on searching for new locations that will continue our legacy and support the new Hooters contemporary designs." -Dave Peterson VP of Operations AZ Hooters

Any new Hooters opened will be constructed with a delectable combination of the familiar, fun-loving persona of the Hooters brand.

Additionally, all staff have been or will be offered positions at our other locations and concepts with all their tenure and positions intact. We know that our staff is the core and foundation of what we do and we hope our valued guests continue to visit them at their new locations.

The restaurant will be CLOSED immediately effective the day of this release, Tuesday, March 8th 2022.
